KATERRA CLT FACTORY NOW SFI CHAIN-OF-CUSTODY CERTIFIED

Katerra, operator of the largest cross-laminated timber factory in North America, has earned SFI Chain-of-Custody certification. This helps Katerra provide more options for clients interested in meeting green building standards.

MILLENNIALS ARE POISED TO MAKE LONG-LASTING CHANGES TO SUSTAINABLE PACKAGING

The millennial generation is changing the way we look at the world, including placing a much higher value on sustainability than previous generations—and packaging is no exception. Guest blogger Linda Gilbert, CEO of EcoFocus Worldwide LLC, shares some insights.

SFI AND PLT CANADA OFFERING WEBINARS ON KEY SUSTAINABILITY ISSUES

SFI and PLT Canada are offering numerous virtual events in the coming months. SFI's webinars include Conservation Impact Sounding Board E-Workshops, and PLT Canada is hosting webinars that focus on diversity and inclusion in green jobs.

SFI IS HIRING!

SFI is currently looking to fill two positions: Director, Conservation Impact and Coordinator, Project Learning Tree Sales and Marketing. Please share with your networks. To learn more, click [here](#).

Educational News and Resources

PLT GREENSCHOOLS HONORED AS 2020 GREEN RIBBON SCHOOLS

18 registered Project Learning Tree GreenSchools have been recognized this year as part of the U.S. Department of Education Green Ribbon Schools program. Read highlights from two of these outstanding schools.

10 TIPS TO CONNECT CHILDREN TO THE OUTDOORS

Springtime brings about longer days, new bursts of life, and the feeling of a fresh new start. Here are 10 tips from Project Learning Tree Canada to help educators and parents connect children to the outdoors.

GREEN JOBS AND CAREERS IN CONSERVATION

Perhaps now more than ever, we have to be hopeful for the future and encourage young people to consider career plans that involve caring for the planet. To aid in this effort, Project Learning Tree has profiled a variety of green jobs with career spotlights.

Register now to attend the SFI Conservation Impact Sounding Board E-Workshop: The Protection of Water Quality and Quantity, and the Value of Sustainable Forest Management.

Date: June 23, 2020

Time: 1:00-4:00 PM ET

SFI CONSERVATION IMPACT SOUNDING BOARD WORKSHOP
