

SFI COLLABORATES FOR CONSERVATION

SFI AND NCASI DEVELOPED SCIENCE-BASED TOOLS THAT SHOW HOW SFI-CERTIFIED FORESTS HELP MITIGATE CLIMATE CHANGE AND ENSURE WATER CONSERVATION

SFI-CERTIFIED FORESTS STORE **20 BILLION TONS OF CARBON DIOXIDE** (CO₂e) **IN THE U.S. ALONE**

630 BILLION CUBIC METERS OF WATER FLOW THROUGH SFI-CERTIFIED LAND EVERY YEAR

PROVIDES ENOUGH WATER FOR **655 MILLION HOUSEHOLDS**

SFI AND ITS NETWORK ARE PLAYING A CRITICAL ROLE IN COMBATING CLIMATE CHANGE

SFI CONSERVATION IMPACT PROJECT PARTNERS

NFWF funds SFI to support landowner engagement on sustainable forest management that benefits three at-risk bird species:

GOLDEN-WINGED WARBLER
THE CERULEAN WARBLER
THE WOOD THRUSH
